Double Impressions!

By FRANK J. KATEN

Well, here we go again . . . To Europe that is, for our 4th trip since December 1948 . . . Getting to be a habit, but such a nice habit . . . Know exactly what collectors want in foreign coins and medals, so will try to oblige . . . Another important attraction this time will be the International Congress of Professional Numismatists . . . This important meeting scheduled for Geneva, May 11-14 . . . A worthwhile plan spearheaded by Dr. Cahn of Switzerland, Dr. Santamaria of Italy, Calico of Spain, Bourgey of France, Forrer of England, Rosenberg of Germany and the Schulman's of U. S. and Netherlands.

Hope to take many pictures, this time exclusively in color . . . Seems the showing of slides and accompanying talk before many coin clubs have proved to be both interesting and informative . . . Upon return will be glad to speak and show new slides to interested clubs and societies.

During our absence we would appreciate the help of collectors on our mailing list . . . Two years ago installed Speedumat equipment, the only one in the coin business . . . An elaborate selective system allows us to pinpoint mailings of interest to collectors . . . A special form is attached to the bid sheet . . . Please fill it out and return it whether or not you send us a bid for this sale . . . It will help us to give you better service.

See you here in this column in our next catalog with an account of our fourth trip to Europe.

A Report to friends interested in a **FREE Hobby**:

That West Coast clown, in his January rag stated, 'SPEAKING OF THE ANA, how long will it stand for the vile invectives being slung its way by ONE ex(pelled) member whose record shows him to be an agitator of long standing?'

How naive can this charlatan of the coin business get? Our answer is to repeat our previously published editorial and further state the following facts: In our opinion the ANA big brass are plain unvarnished common thieves, by their use of Commie-like tactics. They deliberately broke my advertising contract, without due process of law; they have now deliberately discontinued sending me The Numismatist, without the return of my Life Membership dues or an answer to my letter of 6 weeks ago.

Almost five months have elapsed since we first published the following editorial. Not a single word or action has been spoken or taken by the principals involved. Many letters however, have been received by us, fully supporting our stand after admitting they 'were on the fence' up to this point. They reason, and rightly so, that the officers of the ANA **ARE AFRAID TO TAKE ACTION!**

In the Last Issue of KATEN KOIN KAPERS, referring to the paragraph that appeared in The Numismatist on page 715 of the October issue, entitled, 'FROM THE EXECUTIVE BOARD', we replied as follows:

THE BIG LIE! The above is a deliberate, malicious and libelous lie. It publicly brands the American Numismatic Association and the illegal Executive Board composed of M. Vernon Sheldon, Joseph Moss, Capt. O. H. Dodson, J. Hewitt Judd, Charles L. Ruby, C. H. Ryan and Richard S. Yeoman as liars, cheaters and sophists.

They now stand convicted—individually and collectively in the eyes of every member of the American Numismatic Association—**convicted by their silence and do nothing attitude.** They are afraid to bring suit because they know I can prove every statement made. I can go even further—and prove that a so-called respected member of the Board of Governors is a racketeer! Does our hobby want that?

IT IS NOW TIME FOR ACTION—and from the many letters received it appears that one of the following three courses is left open:

1. Full reinstatement of Frank J. Katen, Life Member 132 pending settlement of charges and counter-charges by both sides, by the American Arbitration Society. Their findings to be accepted as final by either side.
2. Demand by corporate clubs and members of the American Numismatic Association for the resignation of the entire group of officers. An Interim Secretary to be appointed in Wichita, Kansas, pending an emergency mail election for a new set of officers. This election to be held by a Certified Public Accountancy firm.
3. Demand that the American Numismatic Association individually and collectively bring suit against Frank J. Katen to prove or disprove the statements he has made. (Note: It is almost impossible to bring suit against the Association). Among the illegal acts by said Association is the fact that it does not maintain an office in Washington. The Federal Charter says, 'SEC. 4. That the principal office of said association shall be in the District of Columbia . . . ' and also specifies, 'SEC. 7. That said association shall further have power . . . to sue and be sued in any court of the United States or other court of competent jurisdiction; . . . '

There you are, ANA members—which course shall your Association take? Or will you sit back complacently waiting for the other fellow to start something? Need I point out what happened to certain European countries when its citizenry became complacent?
